How to find research, essay writing and academic publishing handbooks.

1. Go to Library Search I Ketu on the Library homepage and choose the Advanced search option.

2. Choose from the following 3 options— to make sure your results are limited to books, go to Material Type in the Advanced search and choose Books

   • Search for Academic writing, as a Subject—this will retrieve items about how to write essays, reports and other forms of academic writing. You can also add the discipline in another search box (e.g. education, humanities, social sciences, health, etc.).

   • Search for Dissertations Academic Authorship or Dissertations Academic Handbooks manuals as a Subject. This will retrieve publications about the process of planning and writing a dissertation or thesis.

   • Search for Academic writing and authorship as Subjects and publish* under Any. This should retrieve publications about publishing academic work.
